

We Help Build Wells

to lift up the downtrodden

Imagine walking miles, with heavy jugs, to pull water from unclean rivers, your only source of water.

That's a daily reality in many villages and for many women around the world.

Our work with local pastors to fund projects and train leaders in underdeveloped countries for the last 20 years has brought us to a new focus: funding bore wells.

Each well costs approximately \$3,000, helping women, families, and children access clean water closer to home.

Best of all, meeting the physical need for clean water opens the door to sharing the good news about the Living Water, Jesus.

Please consider a tax-deductible gift to fund bore wells in communities around the globe.

"I want to express my gratitude to the A Time to Build ministry team for providing the funds needed for the new bore well.

May God continue to use you to bless everyone in need."

– Pastor Emmanuel Osmon Ben Nartey,
Agape Revival Ministries, Ghana

About A Time to Build

Since 2003, we've partnered with others to prepare the way for Hope by investing more than \$1.3 million USD in communities and projects around the world—and most recently, into water wells.

Join us in helping to lift up the downtrodden and ultimately, to make way for others to know Jesus.
